It provides a comprehensive overview of remuneration, including all benefits, regardless of their form, due to or received by individual members of ENEA S.A. Management Board (hereinafter: the Management Board Member or Management Board Members) and ENEA S.A. Supervisory Board (hereinafter: the Supervisory Board Member or Supervisory Board Members) in the last financial year, in accordance with the *Remuneration policy for members of the supervisory body and management body at ENEA S.A.* (hereinafter: the Remuneration Policy).

## CHAPTER 1

### Rules for remunerating Members of the ENEA S.A. Management Board and ENEA S.A. Supervisory Board Members in effect in 2025.

#### I. Rules for remunerating Management Board Members.

The remuneration rules for Management Board Members effective in 2025 were implemented by Resolution No. 3 of the Extraordinary General Meeting of ENEA S.A. of 19 December 2019 on the rules for setting remuneration of Management Board Members, as amended by Resolution No. 3 of the Extraordinary General Meeting of 7 November 2022 and by Resolution No. 45 of the Ordinary General Meeting of 26 June 2025 (hereinafter referred to as the Resolution on the Rules for Setting Remuneration). All remuneration of Management Board Members was set and paid out in accordance with the Remuneration Policy.

The Resolution put in place the following principles:

2. The Management Board Members are entitled to:
  - Monthly Fixed Remuneration, set as an amount within the range from 7 to 15 times the base amount referred to in Article 1 sec. 3 item 11 of the Act on Setting Remuneration, which is reflected in § 2 sec. 2 (a) and (b) of the Resolution on the Rules for Setting Remuneration and in Chapter 4 § 3 sec. 2 (a) and (b) of the Remuneration Policy.
  - Variable Remuneration, which depends on the level of achievement of the management objectives in line with § 3 sec. 1 of the Resolution on the Rules for Setting Remuneration and Chapter 4 § 3 sec. 3 of the Remuneration Policy may not exceed 100% of the Fixed Remuneration amount for the previous financial year.

The no-compete period may not exceed 6 months after the Management Board Member ceases to perform the function. In the event of non-performance or improper performance of the no-compete agreement by a Management Board Member he/she will pay the Company a contractual penalty, which will not be lower than the compensation amount payable for the entire no-compete period (§ 7 sec. 1-4 of the Resolution on the Rules for Setting Remuneration and Chapter 4 § 4 sec. 6-9 of the Remuneration Policy).
5. In the event of termination or dissolution of the Agreement by the Company in line with § 6 sec. 4-5 of the Resolution on the Rules for Setting Remuneration and Chapter 4 § 2 sec. 9-10 of the Remuneration Policy, the Management Board Member may be granted a severance pay in an amount not greater than 3 times the monthly Fixed Remuneration on the condition that he/she has discharged the function for the period of at least 12 months before termination of the Agreement. The severance pay will not be awarded to the Management Board Member in the event of:

  - the Management Board Member taking up a function in a company within the ENEA Group (hereinafter "the ENEA Group");
  - resignation from performing the function.
6. In accordance with § 4 sec. 2 of the Resolution on the Rules for Setting Remuneration and Chapter 4 § 1 sec. 6 of the Remuneration Policy, a Management Board Member may not receive remuneration for performing the function of a member of a corporate body in the Company's subsidiaries within ENEA Group as defined in Article 4 item 14 of the Act of 16 February 2007 *on Competition and Consumer Protection*.

  - use of a company car for personal purposes,

## CHAPTER 5

### Remuneration criteria referring to the results of ENEA Group, including ENEA S.A., and how the remuneration contributes to the achievement of long-term results.

The remuneration of a Management Board Member consists of a fixed part, which constitutes the monthly base remuneration, and a variable part, which depends on the level of fulfillment of management objectives. In 2025, changes were made to the general list of management objectives. During the first half of the year, the general list of management objectives contained in the Remuneration Policy was in force and included:

- achieving the ratios defined by the Supervisory Board, in particular profitability, financial liquidity, management efficiency or solvency ratios;
- achieving or changing production or sales levels;
- the amount of revenues, in particular sales revenues, operating income, revenues from other operating or financial activities;
- reduction of losses, reduction of management or operating costs;
- implementation of a strategy or a restructuring plan;
- implementation of investment projects, while taking into account, in particular, its scale, rate of return, innovation, timely execution;
- a change of the Company's market position measured by market share or other criteria or relations with business partners identified as key accounts using specific criteria;
- implementation of the staffing policy and increase in employee engagement.

Then, on 26 June 2025, by Resolution No. 46, the Ordinary General Meeting adopted a new set of management objectives in the Remuneration Policy:

- achieving the ratios defined by the Supervisory Board, in particular EBITDA, net debt/EBITDA, profitability, financial liquidity, management efficiency or solvency ratios;
- meeting the quality parameters applicable to the ENEA Group in accordance with the applicable laws, including indicators set by the President of the Energy Regulatory Office;
- participation in the energy transition;
- achieving or changing production or sales levels;

- the amount of revenues, in particular sales revenues, operating income, revenues from other operating or financial activities;
- reduction of losses, reduction of management or operating costs;
- implementation of a strategy or a restructuring plan;
- implementation of investment projects, while taking into account, in particular, its scale, rate of return, innovation, timely execution;
- a change of the Company's market position measured by market share or other criteria or relations with business partners identified as key accounts using specific criteria;
- implementation of the staffing policy and increase in employee engagement;
- implementation of ESG, security and other policies;
- pursuit of initiatives that support the professional development of women.

By using the powers granted by the General Meeting, the Supervisory Board set the criteria pertaining to the results to be achieved, including the objectives, their fulfillment conditions and the weights the fulfillment of which the Variable Remuneration of Management Board Members was contingent upon.

The management objectives referred to above, which are set annually by the Supervisory Board, are intended to contribute to the operationalization of the ENEA Group Development Strategy (hereinafter: Strategy) and the achievement of the long-term results and objectives set forth in the Strategy. The Strategy contains key development directions for the ENEA Group, which constitute a foundation for setting key long-term goals.

The Supervisory Board has set the following management objectives (KPIs) for 2024:

- financial objectives: ENEA Group's EBITDA, net debt/EBITDA ratio in the ENEA Group, ratio of non-current assets to equity in the ENEA Group, total debt ratio in the ENEA Group;
- non-financial (strategic and operational) objectives: DSO quality regulation, development of the smart grid, execution of investments in the DSO area - unmanned storage of meters, sales volume of electricity in ENEA S.A., development of renewable energy sources in the ENEA Group, energy storage in the ENEA Group, construction of a new biomass-fired unit in the Białystok CHP Plant, efficiency of organizational management in the ENEA Group, ENEA town.

The objectives set by the Supervisory Board for 2024 were linked to the key development directions included in the Strategy serving the achievement of long-term results of the ENEA Group, including ENEA S.A. All Management Board Members were assigned the same objectives, although with different weights. This system creates an incentive, since a significant portion of remuneration of a Management Board Member, i.e. the Variable Remuneration, is dependent on the achievement of the objectives, which are necessary to achieve the results designed for the long term. The Variable Remuneration for 2024, determined by the ENEA S.A. Supervisory Board in 2025 for each Member of the ENEA S.A. Management Board, is presented in Table 3.

In 2025, in line with the Remuneration Policy and the Resolution on the Rules for Setting Remuneration, the maximum possible level of Variable Remuneration set by the ENEA S.A. Supervisory Board was up to 100% of the annual Fixed Remuneration calculated as the sum of monthly Fixed Remuneration paid for the previous financial year defined as the year, for which the management objectives were set.

**Table 6. Maximum amount of Variable Remuneration for 2025 for the individual Management Board Members was established in compliance with the Remuneration Policy and the Resolution on the Rules for Setting Remuneration as up to 100% of Fixed Remuneration.**

Name	Remuneration [PLN]
Grzegorz Kinelski	792,000
Bartosz Krysta	720,000
Marek Lelątko	720,000
Dalida Gepfert	720,000

The Supervisory Board has set the following management objectives (KPIs) for 2025:

- financial objectives: ENEA Group's EBITDA, net debt/EBITDA ratio in the ENEA Group,
- non-financial (strategic and operational) objectives: qualitative regulation of distribution system operators (DSOs), indicator of the involvement of the ENEA Group's DSOs in the energy transition, implementation of the investment plan by DSOs within the ENEA Group, electricity sales volume at ENEA S.A., development of renewable energy sources within the ENEA Group, decarbonization of generation sources at the Połaniec Power Plant, preparation of an ESG strategy, Gender Equality Policy, Occupational Health and Safety Policy and Environmental Protection Policy, cybersecurity action plan within the ENEA Group, plan for the operationalization of the ENEA Group's Development Strategy in the ICT area, organizational management efficiency at the ENEA Group, construction of CCGT units at the Kozienice Power Plant, preparation for and participation in supplementary Capacity Market auctions.

Variable Remuneration is conditional on the achievement of the following additional management objectives:

- setting and application of rules of remunerating members of management and supervisory bodies of subsidiaries in line with the principles set forth in the Act on Setting Remuneration,
- performance of obligations referred to in Articles 17-20, 22 and 23, account being taken of Articles 18a and 23a of the Act of 16 December 2016 on the Rules for Managing State Property.

All Management Board Members were assigned the same objectives. The level of fulfillment of the objectives for 2025 will be determined by the Supervisory Board for each Management Board Member. This principle is consistent with the Remuneration Policy and the authorized decisions made by the Company's bodies on its basis.

## CHAPTER 6

### **Annual change in remuneration of ENEA S.A. Management Board Members and ENEA S.A. Supervisory Board Members, the ENEA Group's results and the average salary of Company employees other than Management Board Members or Supervisory Board Members in 2021–2025.**

This Chapter presents information on the annual changes in total remuneration of Management Board Members and Supervisory Board Members, selected results of the ENEA Group and the average salary of ENEA S.A. employees. This Chapter refers to the results of the ENEA Group, because the remuneration of Management Board Members, especially the variable component of their remuneration, is significantly correlated with the ENEA Group's financial performance.

Below, the Supervisory Board presents the absolute values and changes in percentage terms (as compared to previous year) on the basis of which it has presented in this Chapter the information required in Article 90g sec. 2 item 4 of the Act on Offerings on the changes, by year, in the remuneration, the Company's financial performance and the average salary of the Company's employees other than Management Board Members or Supervisory Board Members from the last five financial years, in a manner facilitating such comparison.

The Supervisory Board evaluates the Company's performance using the ENEA Group's EBITDA and net debt/EBITDA, among other indicators. These indicators should be treated as supplementary information to the presentation of results and other Company and ENEA Group data. The ENEA Group's EBITDA and net debt/EBITDA are not defined in IFRS and therefore these measures should not be treated as alternatives to the measures defined in IFRS.

<sup>5</sup> The restatement of data for presentation purposes for the comparative period is presented in Note 6 to the consolidated financial statements of the ENEA Group for the financial year ended 31 December 2022 in accordance with EU IFRS.

<sup>6</sup> The average monthly employee compensation was calculated on the basis of data provided by ENEA S.A. to Statistics Poland in the Z-06 Report.

EBITDA is defined as operating profit (loss) + depreciation and amortization + impairment losses on non-financial non-current assets. The principles applied to determine segment performance along with each segment's assets and liabilities are consistent with the accounting principles used to prepare the consolidated financial statements.

The net debt/EBITDA ratio reflects the Company's ability to repay debt with operating profits and is considered one of the debt (solvency) ratios. The net debt/EBITDA ratio is equal to (loans, borrowings and non-current and current debt securities + non-current and current finance lease liabilities + non-current and current financial liabilities measured at fair value - cash and cash equivalents - non-current and current financial assets measured at fair value - non-current and current debt financial assets measured at amortized cost - other current investments) / EBITDA LTM. LTM EBITDA means EBITDA for the last 12 months. The value of the net debt/EBITDA ratio is crucial for the fulfillment of the terms of debt financing agreements entered into by the ENEA Group.

The methodologies for calculating EBITDA in other companies may be significantly different from those used by ENEA S.A. For this reason, the ENEA Group's EBITDA and net debt/EBITDA may not be comparable to similar measures calculated by other companies.

The ENEA Group's EBITDA and net debt/EBITDA ratio are presented in this Remuneration Report due to their significance in terms of the satisfaction of the criteria for granting Variable Remuneration to the Company's Management Board Members.

The ENEA Group's EBITDA and net debt/EBITDA ratio specified in this Remuneration Report are presented in a manner consistent with those indicators that are presented in the Management Board Report on the activity of ENEA S.A. and the ENEA Group for 2025.

## **CHAPTER 7**

### **Other information.**

This Chapter presents all other information required under Article 90g sec. 2 of the Act on Offerings which is not presented in the previous Chapters. The information addresses items 5, 6, 7 and 8 of Article 90g sec. 2 of the Act on Offerings:

1. The Supervisory Board Members and the Management Board Members performing these functions in 2025 did not receive any remuneration from entities from the same ENEA Group within the meaning of the Accounting Act of 29 September 1994, except that those ENEA S.A. Supervisory Board Members who have been elected to the Supervisory Board as employee representatives, received remuneration under their employment contracts and enjoyed the same benefits as those offered to other employees of the ENEA Group. This situation is described also in Chapter 2 of this Remuneration Report.
2. The Supervisory Board Members and the Management Board Members who performed their functions in 2025 were not awarded and were not offered financial instruments.

At this point, the Supervisory Board additionally reports that one of the Supervisory Board Members who held his function as at 31 December 2025 as a representative of ENEA Group employees in the Supervisory Board, holds ENEA S.A. shares partially acquired free of charge on the basis of the Act of 30 August 1996 on Commercialization and Certain Employee Rights, and partially purchased by him as a natural person.

This individual came into possession of the ENEA S.A. shares before he was appointed to the Supervisory Board.

**Table 10. Number of shares held by a Supervisory Board Member**

Name	Position	Number of ENEA S.A. shares as at 31 December 2025
<b>Mariusz Pliszka</b>	Supervisory Board Member	3,880

As at 31 December 2025, other current members of the Management Board or Supervisory Board did not hold any ENEA S.A. shares.

3. In respect to the Management Board Members who performed their functions in 2025, the option of requesting a refund of variable remuneration components has not been exercised, because there were no instances of granting them to a Management Board Member on the basis of data, which proved to be incorrect. The remuneration of Supervisory Board Members who performed their functions in 2025 consisted of the fixed part only.
4. The implementation of the Remuneration Policy was consistent with Article 90d sec. 1 and Article 90e sec. 1 and sec. 5 of the Act on Public Offerings and the Terms and Conditions for Introducing Financial Instruments to an Organized Trading System and on Public Companies, i.e.:

  - on 26 June 2025, the Ordinary General Meeting of ENEA S.A. adopted Resolution No. 46 to amend the “Remuneration policy for members of the supervisory body and management body at ENEA Spółka Akcyjna”;
  - the wording of the Resolutions, including the Remuneration Policy, was posted on the ENEA S.A.’s website in the “Investor relations” module, “General Meeting” tab (links: <https://ir.enea.pl/wydarzenia-inwestorskie/21685> and <https://ir.enea.pl/wydarzenia-inwestorskie/22807>), which fulfilled the requirement of Article 90e sec. 5 of the Act on Offerings;
  - The Remuneration Policy was posted in the “Investor relations” module, “Corporate governance” tab, in the part named “Corporate documents” (link: <https://ir.enea.pl/lad-korporacyjny>);
  - on 26 June 2025, by Resolution No. 39, the Ordinary General Meeting of ENEA S.A. adopted a document entitled „Report on Remuneration of ENEA S.A. Management Board and Supervisory Board Members in 2024”.
5. The Supervisory Board has not used the delegation included in Article 90f of the Act on Offerings or the delegation included in Chapter 2 § 1 item 8 of the Remuneration Policy and has not made any decision on derogation from the Remuneration Policy applied pursuant to Article 90f of the Act on Offerings.
6. ENEA S.A. pays remuneration to the Management Board Members and Supervisory Board Members only under the Remuneration Policy, which implements Article 90e sec. 1 of the Act on Offerings.
